08:45 AM

Welcome of the participants

09:00 AM

Beginning of the Forum

09:00 AM – 09:10 AM

Introductory speech: Region SUD Provence-Alpes-Côte-d'Azur - **Valerie RAIMONDINO**, *Director of Sea and Biodiversity*

09:10 AM – 09:20 AM

Presentation of the day's proceedings by the moderator **Patricia ANDRÉ**, *Consultant SENNSE | Culture couleur*

09:20 AM – 10:30 AM

OPENING PLENARY LECTURE

Philippe CLERGEAU, *Professor at the Muséum National Museum of Natural History Department of Man & Environment UMR CESCO*: “**The place of non-human in the city**”

10:30 AM - 10:45 AM : Break

10:45 AM – 12:00 PM

2 simultaneous round tables

• ROUND TABLE 1:

In a logic of adaptation, how can we think about to health-friendly urban planning?

“For a long time, urban planning has been called upon to solve health problems by encouraging the adoption of healthy and active lifestyles at the population level. What are the first results of the work undertaken in recent years on urban planning and public health? What are the challenges for a municipality to launch such an approach and how can it be used in its policies? Feedback from the municipality of Miramas.”

Moderator:

Pauline CAMPESATO, *CIFRE doctoral student - Environmental ethics and responsible communication.*

Speakers:

Clément DELOLY, *Research Fellow, École des Hautes Études en santé publique de Rennes*, **Jérôme MARCILIAC**, *Head of the Urban Renewal Department, Aix-Marseille Provence Metropolis*, **David HUMBERT**, *Health Studies Engineer and Head of the Urban Planning Department, Agence Régionale de Santé Provence-Alpes-Côte-d'Azur.*

• ROUND TABLE 2:

The city permeable to biodiversity.

“The trend is towards greening the city, but what thought has been given to the issue of biodiversity, on the question of biodiversity, on the choice of species, on the question of interaction between plant and animal species? What consideration is given to the notions of How can the notions of ecosystems be taken into account in development projects? What place should ecologists have in the services of local authorities? Between aesthetics and ecology, what approach should approach, how to raise awareness of these concepts among and citizens on these notions?”

Moderator:

Céline HAYOT, *Head of the Biodiversity Department, parks and rural territories - Southern Region.*

Speakers:

Philippe CLERGEAU, *Professor at the Muséum National Museum of Natural History, Man & Environment Department, UMR CESCO*, **Véronique MURE**, *Botanist-Landscape Designer, Agence Botanique-Jardins-Paysage*, **Thomas MALATRASI**, *Head of mission biodiversity and Natura 2000, Metropole Nice Côte d'Azur*, **Sabine THOMAS**, *Head of the AMO Unit in charge of in charge of environmental innovation, AREP Agency.*

12:15 PM – 01:45 PM: Lunch time

01:45 PM

Resumption - Welcome of participants
Introductory remarks with reminder of instructions

02:00 PM - 03:00 PM

2 simultaneous round tables

• **ROUND TABLE 3:**

What place for water in a city: from well-being to risk?

“How can we reintroduce freshness in cities that are how to reintroduce freshness? On the basis of this postulate, what place do we give back to water in the city? an essential element for the presence of nature in the city. The management of the water cycle must be reinvented: from runoff to cooling, between water experienced and perceived water, water well-being and water risks...”

Moderator:

Agnès HENNEQUIN, *Head of Planning and biodiversity, ARBE.*

Speakers:

Thierry MAYTRAUD, *Urban planner-hydrologist - Founder of the ATM Agency, Franck ZOULALIAN*, *In charge of SDAGE/SAGE studies Urban planning and land use planning Rhône-Mediterranean-Corsica Water Agency, Nadine FLORENCE*, *Service GEMAPI Department of the Sea, Coast, Ports and Energy, Aix-Marseille-Provence Metropolis.*

• **ROUND TABLE 4:**

Citizen involvement, the city's influencers

“How to involve citizens in the design and implementation of nature in the city projects? How to take into account the expectations expressed by of citizens, through collectives or social networks? How do the new communities influence the city and its future? Legitimacy of everyday citizens' commitments versus the legitimacy of representative democracy: how to combine the two?”

Moderator:

Pauline CAMPESATO, *CIFRE doctoral student, Environmental ethics and responsible communication.*

Speakers:

Hélène FROMENT, *Brouette et Compagnie citizen collective and Company, Akrem M'HAMDI*, *Deputy Mayor of Port de Bouc, Julie DE MUER*, *Coordinator of the GR2013 Guides Office, Mathieu GRAPELOUP*, *Blogger, Marseille under the microscope.*

03:10 PM: Break

03:10 PM – 04:10 PM

2 simultaneous round tables

• **ROUND TABLE 5:**

Action research to feed public policies.

“How can action research feed public policies by combining academic views, prospective and field analyses by reexamining the practices of technicians, by restoring «height/amplitude in public action and re-interrogating practices and customs”.

Moderators:

Carole BARTHELEMY, *Deputy Director, Magali DESCHAMPS COTTIN*, *Population Environment Development Laboratory, Aix-Marseille University.*

Speakers:

Xavier DURANG, *Project Manager, Territorial Knowledge and Geographic Information, SOUTH Region, Antoine NICAULT*, *GREC SUD, Élodie BRICHE*, *PhD Coordinator of R&D for Sustainable Urbanism Town and Country Planning Division ADEME, CEREMA expert to be confirmed.*

• **ROUND TABLE 6:**

Failed projects or how to learn from mistakes and/or mistakes and/or those of others.

“In the specific context of Nature in the City in the face of climate change, this workshop will allow us to discuss, through projects that have been completed or delivered, the other side of the coin, i.e. all of the unidentified, underestimated, forgotten or failed points that have nevertheless allowed the project owners/managers to carry out their projects successfully; how these obstacles, errors, omissions, etc., have allowed them to develop and demonstrate their capacities for agility, innovation and adaptation. What are the good practices resulting from these mistakes? How can we learn to make our failures or mistakes and/or those of others the basis for our next successes? How can we accept our mistakes in order to use them as a lever for optimising the existing situation? How can mistakes be valued, can they be a vector for performance and innovation? How can nature in the city be a factor in the adaptation of projects?”

Moderator:

Patricia ANDRE, *Consultant SENNSE | Culture couleur.*

Speakers:

Denis DELBAERE, *Professor in City and Territory at the Ecole Nationale Supérieure d'Architecture et de Landscape of Lille, Sébastien GIORGIS*, *Architect DPLG, Landscape Designer and State Landscape Consultant-SFU urban planner, Deputy Mayor of Avignon, Julie LEQUIN*, *Head of research and development, Thomas VERMOT*, *Head of the planning department Urban Planning Agency of the Marseilles area.*

04:10 PM – 04:30 PM

Synthesis by SENNSE | Culture couleur of the main ideas of the round tables.
